Main Street Reconstruction Moved to 2018

At the meeting of March 22, 2017 Town of Penetanguishene Council made a decision to re-tender the Main Street Reconstruction project to instead begin in 2018. The tender will include a one (1) and two (2) year option and plans (to be released May 2017) with a bid deadline of August 2017. The 2018 reconstruction project will replace aged underground infrastructure, as well as see the installation of revitalized sidewalks, roadways and streetscaping.

The project was originally scheduled to take place starting April 2017, however due to the project quote received being significantly higher than anticipated, it was determined that delaying the project and reissuing the tender for 2018 would be the best approach to re-evaluate the financial considerations.
